Acknowledgements

CEN, in partnership with Primary Health, is excited to share the 2013-2014 edition of our annual Resource Guide. We thank the numerous organizations and individuals who provided us with the necessary information.

This guide may not be all inclusive due to the rapidly changing nature of community resources and services. Please contact us if you have any further information regarding resources for families in Southwestern Newfoundland, or notify us of any changes in the listing provided in this guide.

A special thank you to Patricia Spencer, Cheryl Bennett, Brittany Earle and Patrick Park-Tighe for the preparation of this guide.

Collaborative

Community Education Network Collaborative

Values Statement

Community Education Network (CEN) and Associates - Community Action Committee (CAC) and Community Youth Network (CYN) operate as a ***collaborative - an entity where people work together collaboratively, through inspired action and learning, to create and realize bold visions for the common future.***

Philosophy

The collaborative is guided by **community education principles** - self-determination; self-help; maximum use of resources; leadership development; inclusiveness; life-long learning; community involvement in schools; integrated service delivery and localization as adopted by CEN in 1991.

Governance

The governance approach of the collaborative is relational, one in which partners maintain internal accountabilities and function through agreements or memoranda of understanding on roles and responsibilities.

The structure includes:

- two incorporated bodies (CEN and CAC), along with CYN
- a Leadership Group of senior/supervisory staff who collaborate on program and process activities
- a Networking Group of agencies which acts in an advisory capacity
- community roundtables which provide input from the community at large

The collaborative structure allows for joint administrative functions and activities such as:

- *Collective promotion of values and philosophy*
- *Common policies and procedures*
- *Mutual programs and processes*
- *Collective financial management*
- *Shared administrative infrastructure*
- *Shared leadership and accountability*
- *Joint roundtables*
- *Common training*
- *Common newsletter*
- *Collaborative web community*
